

# A Dialogue on Canada's 150th Anniversary

House of Commons  
Parliament Buildings  
Ottawa, Ontario  
Canada  
K1A 0A6,  
July 1, 2017.

On this anniversary year marking Canada's 150th Birthday, Parliament has requested a 'dialogue' on the issues affecting Canadians. It would be wise to consider these issues.

**But Celebrate 'Canada Day' — Not a chance. The MSM endlessly want a 'dialogue' on issues. Want to have a real conversation???? Then listen to why:**

**Our culture and people have been sold out for globalism, 'diversity', envy and anti-White hatred. Canada is not a land mass, nor a set of propositions.**

Government elites and PC subversion have out right hijacked MY and YOUR Canadian culture through the use of heavy propaganda promulgated through the media and other methods. They have destroyed neighbourhoods and whole cities – that is White Genocide. Government actively favor the immigrants it lets in over its own citizens and is overtly hostile to who you are. Even if our satanic leaders continue to do this to us I know that there will be accountability, God is in charge – He will not be mocked. Beauty matters: ugliness has consequences.

**The problem IS 'diversity'. White Genocide is a crime, not a 'policy option'.**

**The West, including Canada and America, is not and never was intended to be, a place for "all races and nations". To claim that it is, or was, is a direct attack on the identity, legitimacy, and existence of the Western people.**

It is obvious and it has been admitted: **"It wasn't because we liked immigrants, but because we didn't like Canada — that we lobbied for 'Diversity' "**; That is the reality of every SJW, lobbyists and equality activist everywhere: envy and hatred for those they cannot control and who demand freedom. Diversity means fewer white people: And that is what these criminals have pursued for Canada. EVERY & ONLY white countries, neighborhoods, clubs and schools, are FORCED to become

“diverse” (i.e. formerly white). The aim of the religion of Political Correctness is a world without White children. That’s GENOCIDE.

It is insinuated and then hoped that WE don’t have a REAL culture anymore. Everyday the news media brainwashes us that we have “multiculturalism”: Africa for the Africans, Asia for the Asians, White countries for EVERYONE! — all at the expense of this civilization. In the ‘multicultural’ PC hypocrisy of ‘diversity’, ‘Canadian heritage’, and ‘tolerance’ EVERYTHING is racial politics and ethnic activism — all the while pretending that none of it is. The double think is beyond sickening: ‘RACE’ doesn’t exist and the White RACE is guilty. Diversity means everyone better think alike about ‘diversity’. Refugees, ‘single mothers’, the disabled, the drug addicted all collecting welfare, ESL, ODSP, subsidized housing and whatever other free socialist services they can avail (often while working secretly) – its a growth industry! Its easy to be generous with other people’s money, other people’s lives, other people’s choices. The State steals from the productive to redistribute and dictate for everyone else. Taxation of 30-40-50% plus is slavery. Period. The annoying Government of Canada advertising jingles and sound bites are just the tip of this parasitic iceberg. Proud of this???

**‘Lean In’ and contribute to this?? NO WAY. NO. My only question: What can I do to actively STOP this involuntary subsidization of a parasitic system that is destroying my freedom and interests: economically, racially, personally?.** WE are not on board with this, do not consent, and will not be co-operating. In the endlessly coercive, politicized environment we have, the disconnect, rejection and resistance will be subtle. It is very real. What part of NO don’t they understand?

**This talk about “oppressed minorities” dissimulates the very real disenfranchisement of the White majority, and serves to deny us from our rights to public empathy, to dignity, or to even basically survive in a world of our own.**

The agenda is White Genocide. Period. Diversity=White Genocide. And ‘assimilation’ is not the issue. You can ‘assimilate’ 2 million Chinese and Indians in Vancouver or Toronto and what you have is a non-white city. The Whites are destroyed and lose their right to their identity and control of their nation. Race is not evil, nor are racial interests. Anyone who lets someone call the country he was born in “a nation of immigrants” has given away his birthright.

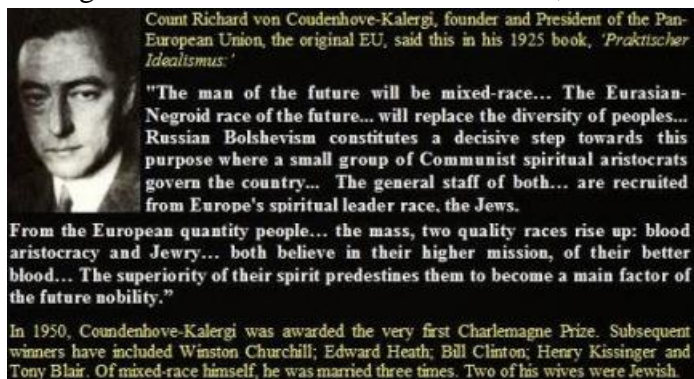

1. White people exist.
2. White people have the RIGHT to exist.
3. White people have the RIGHT to exist AS White people in White Communities and Nations.

**While violence is a concern, the prime reason we don’t want non-Whites and Muslims is because we have the right to have our own countries. The problem is not that any ethnic group is bad. The problem IS diversity.**

Why should non-White children have any place in shaping Canada to their liking? They are not Canadian except by government fiat. Geographic location is not nationality. I didn’t become Japanese because I lived in Tokyo, and I’m not Italian just because I reside in Italy and speak Italian. Nationality is not a difficult concept, and it consists of considerably more than official government paperwork. **No**

one is “hating” anyone. Non-Whites are coming to take. That they use passive means — moving in, demanding society adjust to them, and reproducing until they can vote themselves into power — does not matter, nor does it matter that they do not consciously intend these things. Their presence, whether they mean it or not, amounts to an invasion. To observe that such immigrants have zero Canadian heritage between them is not demonization, it is accurate observation.

‘Diversity’ means everyone MUST think alike about ‘diversity’.

Victimhood tournaments, anti-bullying as the new bullying, LBGT: taking offense to give offence and the persecution of Jordan Peterson, hate crime as thought crime, hate Speech: a political concept designed to weaponize tolerance, SJW’s: a cacophony of envy and rancour, ‘Black History Month’: strangely enough, only made possible by White people’s money, creativity, and coercive virtue signalling, anti-racism as a codeword for anti-white, microaggressions:– anything to make the STATE bully someone else to pay and obey without consent. Stop working, start complaining and look to the state. **Fleeing the productive is a sure way to make the productive disappear or at least foster the parasitic mindset to steal, lie, coerce and destroy. Taxed on the money you earn, then taxed on savings, taxed on investments, taxed on tax.**

The only tax-free investments left: hookers, homemade beer and waste. You can’t tax fun, leisure or dissipation, but you CAN tax effort, ambition, and productivity– those are visible and tangible. There’s never a problem that someone else shouldn’t be compelled to fix (taxpayers) and never a failure that more government won’t solve. . If you’re retired – more government is ever better, after all you won’t pay. Again a sure way to make MORE people ‘retire’ (ie STOP working) — and fast because only workers PAY, and the more educated, the more productive, the more sacrifices, stress, and responsibility you take on, the more you PAY.) Got that raise and 10 more hours a week responsibility– well not to worry, most of the benefit will go to the government anyways. That’s White privilege. See, I’m learning well! Except, in reality, there is no ‘white privilege’ here or elsewhere.

**White Privilege contains the most insidiously Orwellian, genocidal, parasitic, and totalitarian motives of anything the most envious communist Comintern could have dreamed. Stalin would be proud! It is a term of tacit anti-white hate, meant to disparage a people and cast their accomplishments, history and identity as justified only if it serves others interests.**

**There is no 'White privilege'. There is sacrifice, accomplishment, effort, good fortune, and free choice. There are white people – with interests, history and unique characteristics that are not negotiable. Anti-racists never complain about Chinese privilege in China, or Japanese privilege in Japan, or Nigerian privilege in Nigeria. "Anti-racists" ONLY complain about White privilege in White countries.**

**"The goal of abolishing the white race is, on its face, so desirable that some may find it hard to believe that it could incur any opposition other than from committed white supremacists..."**

**Make no mistake about it: we intend to keep bashing the dead white males, and the live ones, and the females too, until the social construct known as 'the white race' is destroyed."**

**(Professor Noel Ignatiev: *Harvard Magazine* - September-October 2002)**

**What we have is a government and elite who wish to turn basic economic, social and cultural freedoms into privileges that will be controlled and allotted as they please based on their own political, ethnic or economic agenda. Free speech be damned — consider it a privilege. Keeping your earnings??? Consider it a privilege to be taken away if determined to be ‘unearned’. Freedom of association — and non-association — consider it a privilege a bureaucrat will dictate the terms on. Today’s ‘privileges’ will justify tomorrow’s thefts – all in the name of equality of course. Equality of outcome – not freedom. Equality will be achieved when the envious run out of objects to covet, people to envy, status to seek and needs to satisfy. Meaning NEVER.**

Virtue signalling is no virtue. It’s theft – of people’s lives and sacrifices, their past and future.

**The same spirit, the same motives, and the same agenda that made the Soviet KULAKs brings you this menace. Remember: Diversity means chasing down the last white person. When it comes to applauding Diversity — Don't be the first to stop clapping!!!! Remember to 'Wait for the Bell' !!! And they want to force this old agenda into society again, in the universities, in the 'public schools', in the free and open MSM. — NEW WORD, SAME Evil idea. Contemptible.**

"Political correctness is communist propaganda writ small. ... the purpose of communist propaganda was not to persuade or convince, nor to inform, but to humiliate; and therefore, the less it corresponded to reality the better. **When people are forced to remain silent when they are being told the most obvious lies, or even worse when they are forced to repeat the lies themselves, they lose once and for all their sense of probity.**" – Theodore Dalrymple.

## Socialism — Theft as a cover for Envy

Government regulation and coercion in Ontario and Canada is just insane. Why work??? WE have communism. The government control wages and incomes AFTER the fact with taxation. The government takes 50% of everything. If you work hard then it is simply given to someone else by force. Bureaucrats love regulation as it justifies and entrenches their power and income. If you have a business well by God do your best to hire NOBODY or you will find yourself working for your employees instead of the other way. Canadians do not exist to support the economy, fill labour quotas and run businesses. This is backward, parasitic and Slavish thinking. There are 1000's of regulations that could never be implemented without destroying profitability, but it gives the state 100% leeway to control and coerce every business in the province. Every time you work you feed the parasite.

Every time you 'do the right thing' or 'Lean IN' you enable others to continue exploiting your responsibility and sacrifices. So many people who imagine themselves as peaceful and non-violent are only too happy and insistent that the state use force and violence against others to control their private lives and resources. As long as someone else uses force they are fine with it – indeed they want it.

**Forced redistribution of income is theft, and makes citizens into slaves and property of someone else's agenda. WE have people with careers based on the size of and continued existence of**

**poverty and state dependence. They don't earn their way by voluntary contract and association — they coerce it by state rent seeking and force.**

Today I would be embarrassed to showcase MY country and even to visit many parts. Canada is NOT a land mass—it is not the government either. It was not here in 1500. It is a people with an ethnic and cultural heritage — to deny that is Genocide.

I would sooner one go to Northern Ontario than see Toronto or Vancouver. They are ugly cesspools and there is nothing Canadian about such places. Sadly this is metastasizing by design all across the Country. Even smaller cities are starting to turn into non Canadian blights. If we don't stop and reversed the entire Country will be destroyed. I am embarrassed to see people wearing Canadian memorabilia, or waving a Canadian flag. What are they celebrating? The destruction of this beautiful nation our European ancestors built? They are being cheated: it has turned into a multi-ethnic socialist dumping ground. First 5% 'diversity' becomes 10%, then 20%, then 50% then 100% 'diversity'!!! Diversity means chasing down the last white person. Nobody's flooding Africa with Non-Africans and giving them free health care, affirmative action and special privileges. Only White Countries are doing it, only White children are affected, and only White politicians are allowing it. This IS White Genocide. It's a crime.

Democracy has become one vote and 2 minutes of input every four years, followed by government fiat on 10,000 decisions to tax, steal and coerce everything from you for next 4 years—with state force to

back it up. Unacceptable. Hypocritical. There is no freedom here. The grocery store is the only place left where even a modicum of free market forces, reciprocity and direct accountability are evident every day, not twice a decade. There is no respect for dissent — and therefore freedom — in the MSM or government. I am not alone in these conclusions. To demand that that certain truths be not only be unsayable but unthinkable, is to deny and efface the experience of millions. Why does the MSM deny and censor my experience??? They cannot ignore the harm and pain they bring—only lie.

This is a sad and dangerous state of affairs, an evil state of affairs. It is agony to watch it be parasitised and destroyed. I avoid any team Canada emblems, and anything that pertains to 'Canadian' nationalism, and I no longer attend Canada day celebrations, or fly the Canadian flag outside my home (my parents flew it for years but I have encouraged them to stop). Brainwashed by the CBC and caught up in the Pan-AM games, Olympic games, this games, that games — its all games!!!! Today I want nothing to do with 'Oh Canada'— that's government business, nothing more. It is a farce of the really valuable things. IT is noise without substance. IT is propaganda for false images of racial, SJW, and 'feminist' issues.

Gradually the juxtaposition between reality and the propaganda is unbearable and unsustainable. I am fed up with seeing Whites build and do the heavy work of civilization and subsidize everyone else. It is beyond disgusting, it is a farce. The game on another's dime must end. Enough. 'Canada' is now just nothing— an empty, exploited shibboleth: My country was my home. Now it's a hotel. And I'm supposed to be a waiter.

Another corporate entity advertising at sports events beside VISA, COKE, CapitalOne, RBC, and McDonald's. Another ingratiating and condescending commercial on the radio, paid for at my expense, to propagandize for more government. Another business except I MUST pay for its services, cannot reject it and cannot go elsewhere. Disgust, derision, contempt, and disdain: these are not attitudes hastily created, and should not be taken lightly. They are all too real for what I and nameless millions have felt increasingly for the past 20 years. It saddens me profoundly. The schadenfrude of those who delight in its destruction. ignore the damage they have done, and deny the personal pain of millions will have negative consequences.

White Genocide Defined:

There can be no all White countries anywhere.

There can be no all-White neighbourhoods in the formerly all White nations.

There can be no all White areas in the formerly all White nations.

There can be no all White police forces, in business, in administration, in organizations, no all White anything.

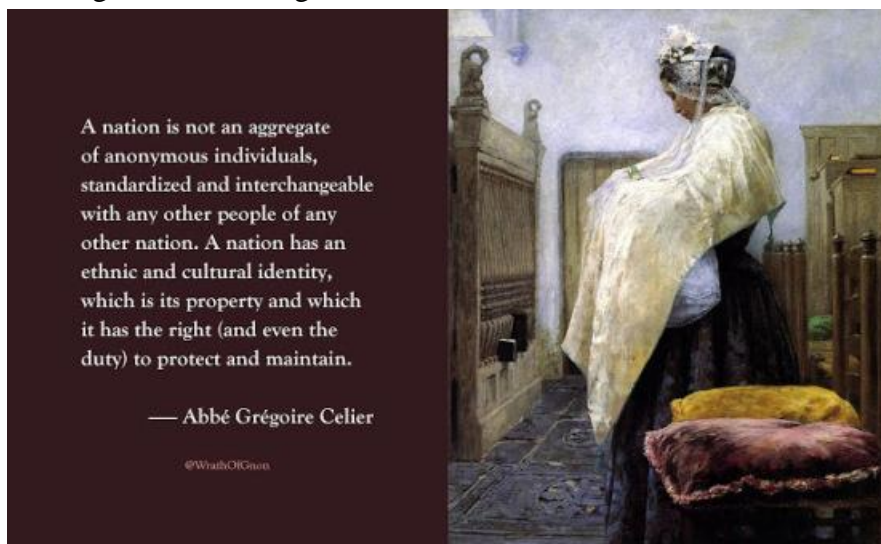

They say there's no such thing as White Genocide — but they always argue a position that puts us in a world without white people'

**AFRICA FOR THE AFRICANS, ASIA FOR THE ASIANS, WHITE COUNTRIES FOR EVERYBODY IS WHITE GENOCIDE!!**

There is a word for imposing conditions that lead to the elimination of a race. That word is GENOCIDE. Genocide is a crime under international law. It is not evil to BE something, and to stand for its independent existence. IT is evil to facilitate and encourage its destruction.

The West including Canada cannot be defined simply by the rejection of Islam or as a collection of legal norms. It is a culture created by a specific people and it will be destroyed if that people is dispossessed. Europeans everywhere have the self-evident right to secure their homelands for themselves, without regard to the claims others make upon it. China is 90% Han Chinese. If China's elites decided to import the third-world to make the Chinese a minority in their own country, would that not be Genocide? As official Chinese newspapers gloated (like the Star, Maclean's, Time, the Economist and many others have tacitly done) about "the changing face of China" would the growth of

the Chinese economy be unaffected? The ‘rulers’ would be rightly held accountable for high treason and Genocide. Africa for the Africans, Asia for the Asians, White countries for EVERYONE!? That’s White genocide! Enough.

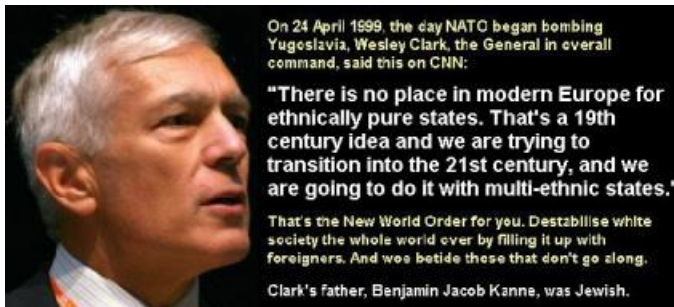

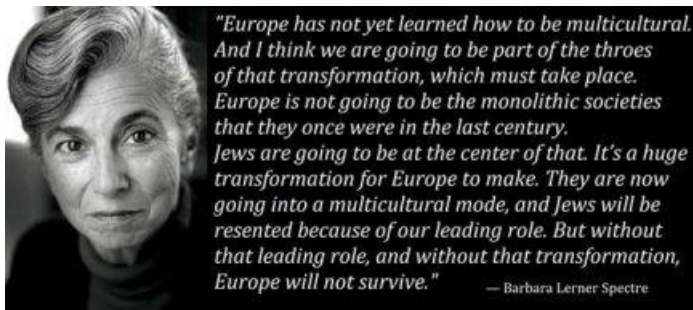

As western countries are being forcibly ‘diversified’ with unassimilable third-world populations, trust collapses and even the majority distrusts each other, suspicious that others who like like them could be part of the effort to replace a unified core with a mix of outsiders motivated by malice, spite, and envy of the majority.

Hey Justin: **What was ‘our’ strength before diversity?? What will it be AFTER diversity??** There will be an ‘after’, because there always is an after for such coercive, evil measures. It is not possible for millions of non-white non-Canadians to live among a European based Canada without transforming it into non-White not-Canada. And that is why it is very much in the interest of non-whites and non-Canadians to support the return of Canada’s population to the pre-1965 ethnic demographics that were promised to Canadians from Mackenzie King onwards.

There will be visible consequences: for economic productivity, reciprocity in personal life, lower educational standards and cultural involvement, declining social responsibility, crime and cynicism in public and private interactions, corruption and state coercion, racial conflict on a daily scale—unmentioned but very draining, ugliness in daily life. You believe you can coerce and control everything through state force indefinitely without consequence. You can’t: the failures, poverty, ugliness, and collapse of communism demonstrated that. People won’t tell you about this, many don’t want to admit to it (after all, they will be harassed, bullied and potentially lose their job and coveted social status — the Potemkin benefits of ‘equality’, ‘diversity’ and state sanctioned ENVY), but it is real. Truth doesn’t go away because you censor it, ignore it, tax it, and coerce it out of consciousness.

Is it really plausible that the leaders of dozens of White nations have adopted similar policies antithetical to the long-term survival of their own peoples, yet none of them knew what they are doing

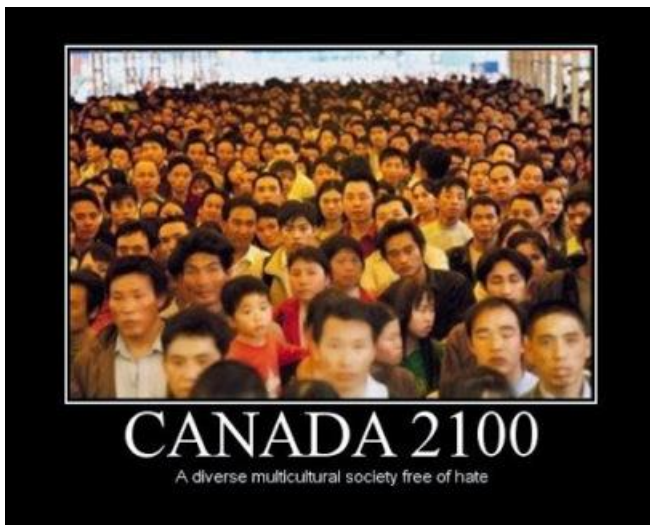

Former President of France, Nicholas Sarkozy 2012:

“The goal is to meet the challenge of racial interbreeding. The challenge of racial interbreeding that faces us in the 21st Century.” he said. **“It’s not a choice, it’s an obligation. It’s imperative. We cannot do otherwise. We are going to change ALL at the same time. In business, in administration, in education, in the political parties. And we will obligate ourselves as to results.”**

**“If this volunteerism does not work for the Republic, then the State will move to still more coercive measures.”** “The challenge of racial interbreeding that France has always known. And in meeting the challenge of racial interbreeding, France is faithful to its history.”

**This is an admission of the worst crime: GENOCIDE.** To be accomplished without representation or debate. And if volunteerism doesn’t work ... with COERCION and force. That is a crime. It is occurring in every Western nation. It is White Genocide.

**So, what is to be done?? Stop Pretending this is not Genocide. Stop pretending we are on board— We're NOT. Demand Accountability — and demand public answers. It has to stop. Immigration policy must restore the demographic balance to White European and maintain it: countries like Singapore and Arab nations have it as POLICY.**

Go get the politicians past and present who enabled, encouraged and allowed this immigration, multiculturalism and Genocide. Go get the bureaucrats and hold THEM accountable for what they have created. Five, 10, or 20 years later is no matter: just doing my job, good for business, good for the economy, just obeying orders, saving the world, and 'fighting racism' — do not justify White Genocide. They need to answer. Why are they not accountable???? There are thousands of bureaucrats and 'activists' who have done this without been held responsible.

Those who put business, politics, envy, and money ahead of White Genocide must answer for it – to those they have affected and harmed. We have a disease in White Western societies. It's could be called empathobesity, a selfish state as those who promote it do not pay the cost, and in a globalist world with open borders and cheap airfare it will mean the self-annihilation of the West if a cure isn't found soon.

### **The Parasitic State's Choice: 'Ethics are Done'**

You can ignore these concerns because you are content to rationalize the weapons of state violence and coercion to tax and control objectors forever. But without this coercion— would you have consent?? Why does consent, (when it means getting it from OTHER people) and even election reform bother you so much??

Where are the unheard Canadians as you continue this ever growing theft of their resources, land, security, ethnic and cultural heritage, and future??? They are WORKING. And many have neither the ability, or time to articulate their profound objection. They lack the clever words (but not the understanding) to speak their objections, which you hedge and ignore with hate speech laws, state propaganda and of course penurious taxation.

When you push the button on the machinery of state violence, why do you not realize this is a personal moral choice? There is no ‘government’, it is a fiction. Government is a set of people with its hands on the levers of an amoral but obedient weaponized bureaucracy. Your insistence on NOT allowing consent—in taxation, education, free speech, immigration, freedom of association, and private property is an admission. A serf paid 10% in taxes— and Canadians pay 50%.

For the ever growing state, and those politicians, elites, bureaucrats and citizens who insist on justifying and continuing its agenda, the message is clear: ‘Ethics are done’.

Do you think this is without consequence?

Justin: The government is not the nation. If ‘Canada’ has to end to stop this destruction—so be it.

‘Happy 150th Canada Day???’

Whatever.

Yours truly,

DDSWaterloo
